

Ribbon Tree

inspired by

The Eco-Christmas Craft Book

By Marianne Miall 745.5 Mia

Kit includes:

- 16 inch ribbon
- Embroidery needle
- Needle threader
- Embroidery thread for tree, and for hanging loop
- Ribbon, beads, bell and tree topper

You'll also need:

- Scissors
- Patience :-)

Optional:

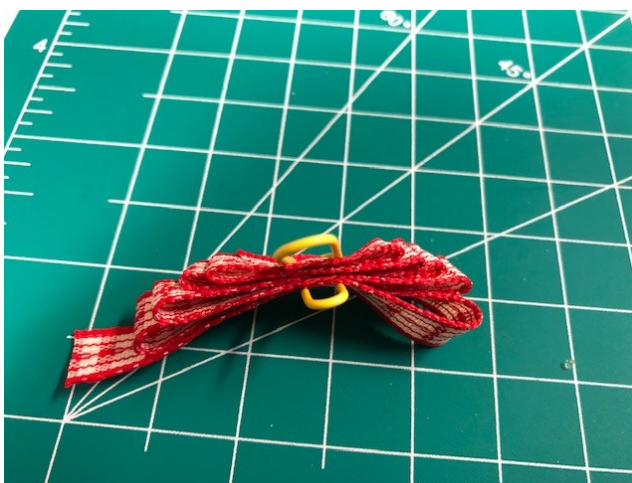

Other decorative add-ons like tassel or charm.

Thread the needle with embroidery thread.

Tie the end of the thread to the bell.

Thread the first bead.

Fold up the ribbon into a general tree shape.

Finger press.

Begin at the bottom, widest part of your ribbon tree. Thread through the center of the ribbon. Add a bead.

Thread through the center of the next fold of ribbon. Add a bead.

Continue this, making sure the ribbon is making a tree shape.

At the top, there may be extra ribbon left to trim. Top with a final bead and a tree topper.

Add string for hanging.
